INSPIRING GROWTH SINCE 1920

CAPABILITIES IN MACHINING

Located on the outskirts of Bangalore, our facility spans 100,000 square feet, dedicated to advanced manufacturing and seamless operations.

Machines

- 5 Axis Machines
- 3 Axis Machines
- 4 Axis Machines
- Turning Machines
- EDM Machines
- CMM
- Video Measuring Inspection

Materials Used

- Aluminum
- Inconel
- Steel Alloys
- Titanium

Sheet Metal Forming

- Bed size: 1x3 Meter
- Precision Manufacturing of Aero Structural Parts, Airframes, Wing Assemblies, Etc.
- Quintus Machine is well known and approved by OEM's (Airbus, Boeing, RR, GE, Etc.) for forming

Quintus Fluid Cell Press

THE SONA GROUP
INSPIRING GROWTH SINCE 1920

CAPABILITIES IN SURFACE TREATMENT

Manual Process

- Electroplating
- Anodizing
- Passivation
- Chemical Conversion
- Gold & Silver Plating
- Copper & Tin Plating
- Nickel Plating
- Painting
- Zinc Plating

Automated Line

- Sulphuric Acid Anodizing
- Hard Anodizing
- Conversion Coating
- Black Dye
- Chromic Acid Anodizing
- Boric Acid Anodizing
- Tartaric Anodizing
